A SHORT HISTORY OF THE NEW BERLIN SOAP BOX DERBY

- The New Berlin Soap Box Derby Commission was created to organize and promote an annual soap box derby for the children of New Berlin.
- The first couple of derbies were organized by the **NEW BERLIN POLICE DEPARTMENT**, local service station operators, and certain other local businessmen.
- In 1967, the New Berlin Soap Box Derby Commission officially incorporated as a non-profit entity with 10 founding members. Today the commission has about 30 members.
- The first soap box derby was held on September 12, 1965.
- The initial derby included only 12 drivers. In recent years, the derby has attracted an average of 75-100 participants.
- The first derby was run on Moorland Road, north of Coffee Road. Then the event was moved to Racine Avenue, north of National Avenue. Since 1972, the derby has been run on the permanent, 1000-foot, paved track in Valley View Park.
- Drivers are eligible to enter the races from age 6 to 16.
- During the day, the derby draws roughly 300-400 spectators.
- Funding for the Soap Box Derby comes entirely from donations.
- The donations received are used for driver t-shirts, trophies, prizes, plaques which include a photo of each driver with their race car, equipment, and maintenance of the race track.
- Thirty years ago, the "Special Race for Special Kids" was created through an Eagle Scout project. This special event is dedicated to children who are afflicted with physical and/or developmental disabilities. The vehicles used for this race are double-wide. A volunteer boy scout serves as the driver with the "special" racer at his side.
- Within the past few years, the commission has established an educational scholarship fund for kids who have participated in the derby. Scholarships are awarded for those who continue their education after high school.

A more detailed history will be posted on our website in the next few months.

The race started in 1985 as an Eagle Scout Project by **TOM SISSON** of Troop 41 New Berlin.

- To complement the other classes he came up with a Class S, short for "Special" for youth aged 6 to 21 slowed by any cognitive or physical impairment.
- The next step was designing a race car that could safely carry youth with differing needs down the track.
- **CHRIS LAY** of Troop 41 designed and built the first custom cars in 1985. The cars had two seats, two steering wheels, and two brake handles. The design allowed Scouts to ride with and, if necessary, assist the racer.
- In 1994 **TECHNICAL METAL SPECIALTIES INC.** built nine new cars. The cars were designed by **ROY RATHKE**, and the body covers open 90 degrees for easier entry.
- Troop 41 Boy Scouts have run the race and supplied the drivers each year since 1985.
- Over the years about 800 special children have known the excitement of racing down the New Berlin Soap Box Derby track.

MORE INFORMATION ABOUT THE NEW BERLIN SOAP BOX DERBY

- Drivers have the option to use their car numbers from last year, or choose new car numbers on a first-pick basis.
- **Car number 1** is reserved for the defending "Champion of Champions."
- Drivers randomly draw for their sponsors each year on a first-pick basis. Sponsors are not carried over year-to-year.
- Drivers and crews select their own wheels and axle brackets from Commission-supplied stock. At the end of the event, the Champion's wheels and axle brackets are locked-up and are taken out of circulation for one year.
- The New Berlin Police Department was the driving force for starting the Derby in 1965.
- The Derby has been postponed due to weather only twice in 49 years!
- The Derby Commission is a non-profit corporation consisting of volunteers interested in kids and racing.
- The Commission operates independently of, but in cooperation with, the City of New Berlin and the New Berlin Parks, Recreation & Forestry Department.
- The track facilities are owned by the City. However, they were built with and continue to be maintained with private funds and donations.

We thought you'd like to know.....

- Each driver gets one practice run that does not count in competition.
- Class S racing is on a double-elimination basis. Class A, B & C racing is on a triple-elimination basis.
- The six fastest cars in each Class A, B & C become "finalists" and compete in the finals racing for 1st, 2nd & 3rd place within their class. The 1st place finishers in each Class A, B & C then go on to compete for the title of "Champion of Champions."
- All decisions made by the Technical Committee and the Chief Steward are final.

THE NEW BERLIN SOAP BOX DERBY IS ALWAYS LOOKING FOR MORE DRIVERS

We always have room for more kids to have fun!

We're appealing to past drivers to return, asking everyone to talk-up this great event with friends and neighbors, and we're especially asking this year's drivers to take advantage of our "**RACING BUDDY PROGRAM**" for getting new drivers to sign up for next year.

CAR LOAN PROGRAM

Are you interested in racing in the **New Berlin Soap Box Derby** but don't have the time or skills to build a car?

The Commission has a **FREE CAR LOAN PROGRAM** that you can take advantage of.

Each year, a limited number of cars are available for free loan on a first-come, first-pick basis.

Please check our **website** for details on car loans for next year's race.

If you have an **EXTRA CAR** hanging in the garage, that you're **NO LONGER USING**, consider **DONATING** it the car loan program.
